TOM TAYLOR, A.M.	English Language and Literature.

Faculty of Medicine.

DEAN.—C. J. B. WILLIAMS, M.D.	Professor of Medicine, and Clinical Medicine.
SAMUEL COOPER, ESQ.	Surgery.
GEORGE FOWNES, ESQ.	Practical Chemistry.
THOMAS GRAHAM, ESQ.	Chemistry.
ROBERT EDMOND GRANT, M.D.	Comparative Anatomy.
JOHN LINDLEY, Ph. D.	Botany.
ROBERT LISTON, ESQ.	Clinical Surgery.
EDWARD W. MURPHY, M.D.	Obstetric Medicine.
RICHARD QUAIN, ESQ.	Anatomy, and Clinical Surgery.
WILLIAM SHARPEY, M.D.	Anatomy and Physiology.
JOHN TAYLOR, M.D.	Clinical Medicine.
ANTH. TODD THOMSON, M.D.	Materia Medica; Forensic M. and Cl. M.
W. H. WALSHE, M.D.	Pathological Anatomy.

Secretary.
CHARLES C. ATKINSON.

UNIVERSITY COLLEGE, LONDON.

ANNUAL GENERAL MEETING

OF

THE MEMBERS OF THE COLLEGE,

WEDNESDAY, FEBRUARY 25, 1846.

THE EARL OF AUCKLAND, Vice-President of the College,

IN THE CHAIR.

THE CLAUSES of the Bye-laws relating to the Annual General Meetings and the Election of Officers were read by the Secretary.

The Chairman appointed Mr. James Yates and Mr. Wm. Horton Lloyd, Scrutineers, to ascertain and report the result of the Ballot.

The following Lists were read:—

1. OF OFFICES LIABLE TO BE VACATED.

President, Vice-President, Treasurer, six Councillors, Auditor.

2. OF MEMBERS HOLDING THESE OFFICES.

President. LORD BROUGHAM.
Vice-President. THE EARL OF AUCKLAND.
Treasurer. JOHN TAYLOR, Esq., F.R.S.

Councillors. W. D. CHRISTIE, Esq., M.P., THE EARL FORTESCUE, J. W. MYLNE, Esq., M. T. SMITH, Esq., THOMAS THORNELY, Esq., M.P., HENRY WAYMOUTH, Esq.

Auditor. THOMAS COPE, Esq.

3. MEMBERS PROPOSED.	BY WHOM PROPOSED.
For President,	
LORD BROUGHAM	THE COUNCIL.
For Vice-President,	
THE EARL OF AUCKLAND	THE COUNCIL.
For Treasurer,	
JOHN TAYLOR, Esq., F.R.S.	THE COUNCIL.
For Councillors:	
CHARLES CROMPTON, Esq.	THE COUNCIL.
WILLIAM EWART, Esq., M.P.	THE COUNCIL.
THE EARL FORTESCUE (for re-election)	THE COUNCIL.
WILLIAM MARSHALL, Esq., M.P.	THE COUNCIL.
J. W. MYLNE, Esq. (for re-election)	THE COUNCIL.
HENRY WAYMOUTH, Esq. (for re-election)	THE COUNCIL.
For Auditor,	
EDWIN WILKINS FIELD, Esq.	THE COUNCIL.

The Report of the Council was read by the Secretary, *vide* page 5.

The Report of the Auditors, containing the Balance Sheet and the Statement of Receipt and Expenditure for the year 1844–1845, and other Financial Papers, *vide* pages 9, 10, 11, were read.

On the motion of Dr. Hardwick, seconded by Mr. Samuel Gale,

Resolved unanimously,—That the Report be received, and that it be printed and circulated among the Proprietors.

The Return of the Scrutineers was presented to the Chairman, who declared the result of the ballot to be as follows:—

For President..... Lord Brougham.
For Vice-President.. The Earl of Auckland.
For Treasurer .... John Taylor, Esq., F.R.S.

For Councillors.

Charles Crompton, Esq.	Wm. Marshall, Esq., M.P.
William Ewart, Esq., M.P.	J. W. Mylne, Esq.
The Earl Fortescue.	Henry Waymouth, Esq.

For Auditor, Edwin Wilkins Field, Esq.

Auckland, *Chairman.*

On the motion of Mr. R. J. Bagshaw, seconded by Mr. Amory,

Resolved,—That the thanks of the College be given to the Earl of Auckland for his kindness in presiding at this Meeting, and for his conduct in the Chair.

REPORT.

STUDENTS.

THE number of Students in the College and School during the year 1844–45 was 798 : viz. In the Faculty of Arts and Laws (including 26 Attendants on the Schoolmasters' Classes) 163 ; in the Faculty of Medicine, 320 ; in the Junior School, 316. The highest number of Boys in the School in any single term was 268. The amount of Fees was 13,645*l.* 3*s.*, of which the sum of 7683*l.* 15*s.* was received for the Medical Faculty ; 2201*l.* 8*s.* for the Faculty of Arts and Laws ; and 3760*l.* for the Junior School. The Professors and Masters were paid 8203*l.* 5*s.* 10*d.* (endowments exclusive) : the sum of 2798*l.*, the amount of fees received for Hospital Practice, was transferred to the Hospital Committee towards the maintenance of the Charity, and 2643*l.* 17*s.* 2*d.* was passed to the College Fund. For the current Session to this date, in the Medical Faculty the number of new entries is 95 ; the total, 285 ; the amount of fees 3860*l.* 19*s.* : the new entries to Hospital Practice are now 76 ; the sum received for fees is 1667*l.* 10*s.* : in the Faculty of Arts the new entries are 94, the aggregate 162 ; the fees amount to 2936*l.* 2*s.* ; there are besides 29 attending the Schoolmasters' Classes. In the Junior School this term the number of pupils is 250 : in the corresponding term of last year they were 244.

In each of these departments there is an improvement, comparing the current with the past year, both as regards the number of pupils and amount of fees. The increase last year in the Class of Mathematics was then noticed ; the Students now attending Professor De Morgan are still more numerous. The Classes of Latin and Greek have this year had a very considerable increase.

It will be interesting to the members of the College to learn that four Hindoos are now attending the Medical Classes of the College. These Students arrived last Spring under the care of Dr. Goodeve, the Professor of Anatomy in the College of Calcutta, at which they had already made some progress in Medical Education. They are pursuing their studies with assiduity and intelligence, and with the prospect of acquitting themselves with credit in the Class Examinations of the College. The Council have likewise satisfaction in mentioning that they learn from Dr. Hobson, a former Medical Student of this College, now settled in China, that the natives come in great numbers, and from distant parts, to avail themselves of the opportunity of European treatment at a hospital at Hong Kong under his charge, established expressly for their benefit.

THE JUNIOR SCHOOL.

The state of the Junior School has been the subject of anxious inquiry by the Council. In this inquiry they have been cordially assisted by the Head Master, who has already made some important alterations in the conduct of the School. With the concurrence of the Head Master, the Council have taken measures for securing punctuality of attendance and vigilant superintendence of all the Classes. They are confirmed in the opinion expressed in their last Report, that the School enjoys and deserves

a high reputation, especially in those branches of learning which are most conducive to mental training; and of this they find new proofs in the results of the Examinations during the past year in the Faculties of Arts, both of the College and the University of London. All the Scholarships and Exhibitions in the latter, and in the former all the highest prizes in the Classes of Latin, Greek, Mathematics, and Natural Philosophy, with only one exception, were obtained by Students who had received their preliminary education in the Junior School. During the last Autumn Dr. Arnott had the kindness to inspect that part of the building appropriated to the School, and on his suggestion the Council adopted a plan by which the temperature of the Class-Rooms and Passages is regulated with precision, and a much improved ventilation maintained.

The Council would urgently recommend to Parents to communicate freely with the Head Master, or if they prefer it, with the Council, whenever they have a complaint to make, or any suggestion to offer, with regard to the treatment of their sons or the conduct of the School. They may feel assured that their representations will meet with attention, and be treated as strictly confidential, if that be desired.

DEGREES AND HONOURS.

The following Degrees were conferred by the University of London in the course of the year 1845:—10 of Doctors of Medicine, on Candidates from 5 Schools,—6 from University College: 16 of Bachelor of Medicine, on Candidates from 8 Schools,—4 from University College: 1 of Master of Arts,—the Candidate from University College: 30 of Bachelor of Arts, the Candidates from 11 Colleges; of the 30 eleven were of University College. 25 Candidates passed the first Examination for the Degree of M.B., and 103 the Matriculation Examination.

The Prizes awarded after the Examinations for Honours, on taking Medical Degrees, were, a Gold Medal for a Commentary on a case in Medicine for the M.D. Degree, and 2 Scholarships and 8 Gold Medals for the M.B. Degree. At the latter, Mr. Frederick James Brown, of this College, obtained the Scholarship and Gold Medal in Surgery and Gold Medals in Physiology, and Midwifery.

At the Examination for Honours attending the First Examination for M.B., the Prizes were 1 Exhibition and 2 Gold Medals in each of the three departments, Anatomy and Physiology, Chemistry, and Materia Medica. Of Students of this College, Mr. William Henry Ransom obtained the Exhibitions and Gold Medals in Anatomy and Physiology, and in Chemistry, and Mr. Cornelius Winter Randell a Medal in Chemistry. The Scholarship in Mathematics at the Examination for Honours, after the B.A. Degree, was conferred on Mr. Richard Holt Hutton, who the year before had obtained the Flaherty Scholarship in Mathematics at this College. At the Matriculation Examination the Exhibition in Mathematics was awarded to Mr. Charles Braithwaite Batty, and that in Classics to Mr. Charles Algernon Bowring. The three last-named gentlemen had been during several years pupils in the Junior School.

The friends of the College will find striking and most satisfactory evidence of the proficiency of its Students in all the various departments of the three Faculties of Arts, Laws and Medicine, in the Calendar of the University of London, showing the award of the Scholarships and other prizes by the Senate during the eight years of its existence.

The following is a summary of the Prizes obtained by Students of the College out of the number awarded by the University. Of Exhibitions in Arts,—Mathematical, 4, and a portion of a fifth, out of 8; Classical, 3, and

portions of two others, out of 6: of Medical Exhibitions, all the 6 in Anatomy and Physiology; 5 out of 6 in Chemistry; 1 out of 5 in Materia Medica. Of Scholarships, all the 3 Classical, all the 5 Mathematical; 10 out of the 14 Medical; all the 4 Law Scholarships in Jurisprudence. The distribution of Medals and other prizes will be found to be much in the same proportion. Of 87 Gold Medals, University College Students obtained 52. The remaining 35 were distributed among Candidates from 12 Institutions, of which the two highest obtained 11 and 6 respectively.

The Annual College Prize of 40*l.* for general proficiency in Medicine, awarded for the first time at the end of the last Session, was obtained by Mr. James Hakes.

The Council have, during the past year, conferred life shares in the College, with the title of Fellows, on six gentlemen, formerly Students of the College, who had graduated with Honours at the University of London. They were Charles James Foster, B.L., Frederic John Wood, B.L., Richard Quain, M.D., John Phillips Potter, M.B., William Arthur Case, M.A., Charles Peter Mason, B.A.

The Council have to announce the decease in November last, at the advanced age of eighty-four, of the Benefactress of the College, Mrs. Flaherty, whose munificent donation in the year 1836 of 5000*l.* 3½ per cent. bank annuities enabled the Council to found their first Scholarships. The Council proposed to the Executors of Mrs. Flaherty, that as a tribute of respect to her memory on the part of the College, a deputation from the Council, Senate and Flaherty Scholars should attend her funeral; but the offer was declined, as not in accordance with the directions left by the deceased.

PROFESSORSHIPS.

The Professorships of English Language and Literature and of English Law became vacant in the course of last Session; Mr. Carey, the Professor of Law, was appointed by Her Majesty's Government High Bailiff of the Island of Guernsey, and Dr. Latham retired from a desire to devote himself to the practice of his profession as a physician. The Council accepted both these resignations with regret. Each of the Professors had deserved well of the College for the ability and zeal with which he had devoted himself to the instruction of his Class. Dr. Latham's career as Professor was, moreover, distinguished by the publication of an useful and learned work on one of the branches of study in his Class. Mr. Joshua Ryland Marshman, Barrister at Law, of the Middle Temple, M.A. of Trinity College, Cambridge, has been appointed to the Professorship of English Law; and Mr. Tom Taylor, M.A., Fellow of Trinity College, Cambridge, to that of English Language and Literature. Mr. Harman Lewis, M.A. of Trinity College, Cambridge, has been appointed Professor of Civil Engineering, and Mr. Thomas Joyce, a Fellow of the Geological Society, has undertaken to give the Courses of Lectures on Geology for the present Session. Mr. Marks has been continued in his office of Teacher of Hebrew for another year.

ANALYTICAL CHEMISTRY.

The Council, aware of the increasing importance of Chemical Science and of the demand for a more extended system of practical instruction, have thought it their duty to enlarge the means already applied by the College to that purpose.

With that view they have instituted a distinct Professorship of Practical Chemistry, and have appointed Mr. George Fownes, F.R.S., to the Chair.

He will be assisted by the advice of Professor Graham in the superintendence of the department. The younger Students will receive instruction in Elementary Analysis, and those more advanced will be engaged in the various branches of Chemical Investigation, more especially Organic research. The Council have erected a spacious Laboratory on the general plan of that of Giessen, adequate to the accommodation of at least 24 Students, and furnished with every requisite for instruction and investigation. It was opened at the beginning of the present year, and has now 16 Students.

FINANCES.

The statement of Receipt and Expenditure at page 9 shows that after deducting the balances in hand respectively at the commencement and termination of the year, the total receipts were 19,531*l.* 7*s.* 10*d.*, the disbursements 20,325*l.* 6*s.* 6*d.*, exhibiting an excess of expenditure above actual receipts during the year of 793*l.* 18*s.* 8*d.* Of the receipts, moreover, 670*l.* 12*s.* 6*d.* was obtained by the sale of 500*l.* exchequer bill, and the employment of 170*l.* 12*s.* 6*d.* of the principal of Mr. Brundrett's Legacy, showing an expenditure beyond the receipt proper to the year of 1463*l.* 11*s.* 2*d.* Of that sum about 1000*l.* was expended in necessary alterations and improvements to the building, and additions to the furniture and other property of the College; the remainder in Endowments to Professors. The most important of the former were the payment for repair of the South Theatre, mentioned in last year's Report, 450*l.*; and the expense of altering and newly fitting up the Students' Refreshment Room, nearly 300*l.* The first was an essential alteration; it must have been made sooner or later; the expectation of the advantages to be derived from it has been fully realized. The second also is a permanent improvement which was much required, and contributes greatly to the comfort of the Students.

For the sacrifices made by the Council to procure efficient Professors, the gradual improvement apparent in the most important Classes in the Faculty of Arts may be appealed to as a full justification. It also encourages the hope, that at no distant period the increase in the number of Students in those Classes will prove that these Endowments were a judicious employment of the means at the disposal of the Council.

THE HOSPITAL.

The proceedings of the Hospital during the Session 1844–45 were satisfactory. The Annual Subscriptions continued to increase: the Collection at the Public Dinner in June, at which the duties of the Chair were so ably and successfully discharged by Lord Morpeth, amounted to upwards of 2000*l.* That addition to the funds induced the Hospital Committee to announce their intention of proceeding to build the North Wing in the course of the present year. A further sum of 1000*l.* has been since subscribed. It is now proposed to give instructions to the architect to make the necessary preparations for laying the first stone on Wednesday the 20th of May. Lord Brougham has undertaken to officiate, and to preside at a Dinner immediately afterwards in aid of the Building Fund. The Council earnestly recommend the Hospital to the friends of the College on that occasion, and request their assistance towards the attainment of so important a step as the completion of the edifice.

CHARLES C. ATKINSON,
Secretary to the Council.
